ITW / THE DOW CHEMICAL COMPANY SUPPLY OF EPOXY RESIN

Dear Richard:

Further to our discussions, this letter is to confirm that Dow has a multi-year contract to supply the epoxy resin requirements to the ITW group of companies. These companies include ITW Philadelphia Resins, ITW Devcon, ITW American Safety Technologies, and ITW Versachem. Dow's epoxy resin is a primary component in the epoxy grout compounds manufactured by ITW.

If you, or others, have any questions concerning the nature of the business arrangement between ITW and Dow, please feel free to contact me.

Yours truly,

Griff M. Marshall
Senior Account Manager
Dow Epoxy
